TESTIMONIALS

“Sean Dooley has spent his career impacting young people both on and off the court. As a championship-level basketball coach and an award-winning educator, Sean has always understood that leadership, character, and personal growth matter far beyond the scoreboard. I can’t think of anyone better suited to guide young athletes, as they grow into the leaders they aspire to become.”

“Under Coach Dooley, basketball was much deeper than Xs and Os. The combination of the classroom and hardwood was the lens through which they taught high-character life lessons and shaped leadership traits. The curriculum off the court transformed my approach to sports, academics, and eventually business in the best way possible.”

Daniel Dash | 2018 Port Washington graduate

“We were blessed to have Sean Dooley coach both of our sons throughout their high school careers. In addition to success on the court, developing both of them as all-County players and making it all the way to the State finals just last year, it was his leadership off the court that differentiated their experiences. Coach Dooley provided the boys with life lessons that they have carried forward into their college and professional careers, leadership, teamwork, hard work, and sportsmanship in all of their dealings. Coach Dooley truly prepares his players for success in basketball ... and in life”
